FROM THE MANAGEMENT DESK

It has been our endeavour to provide a learning platform with a vision to meet the current job requirement and making our Young Indians employable. Marching towards the vision 'Learn What Nation Wants' we believe in giving opportunity to students who never fail to dream and we together help them to achieve their career goals.

But what is the current requirement?

The below analysis shows the growth of Indian Tourism sector including Aviation & Hospitality and a huge spectrum of employment generation.

'As of 2017-18, 81.1 million people are employed in the tourism sector in India which is 12.38 per cent of total employment in the country. The Government of India has set a target of creating 46 million job opportunities by 2025.'

Therefore, in 2017' for the first time in North Bengal, Avlon Shiksha Niketan brought before you a redefined 3 years BBA degree course in Tourism, Aviation & Hospitality. The need arose keeping in mind the young generation that would stand up to the expectations of making it big in the service industry. As it is a known fact that in an undeveloped area like Eastern region the recruitment drives tends to be slow especially in Governmental sectors. Although the private firms advertise for employing people yet somehow nationally the rush of competition fails to match up with the majority expectations. However, it is always recommended to think for the betterment of the students and face the global changes by coming up with enhanced ideas so that it motivates others to add a glimpse of success to one's career.

This need of a current scenario gave rise to Avlon Shiksha Niketan specialising BBA degree course in Tourism, Aviation & Hospitality. What makes Avlon different from others lies in its perspective of a teaching curriculum beyond the conventional mode of commercial BBA. The typical subjects like accounting, finance, statistics, economics, theories gets a newer look by introducing program oriented subjects based on tourism, aviation and hospitality thereby, broadening the scopes and horizons of the stereotypical notion of what we know as Bachelor in Business Administration.

BBA in Tourism, Aviation and Hospitality imparts education by developing not only through skills, theories and practical knowledge but also emphasises on the overall growth and development of an individual. Today, we are successfully running the said BBA curriculum in five namely, Siliguri College, Jalpaiguri PD Women's College, Alipurduar Mahila Mahavidyalaya affiliated under University of North Bengal, Cooch Behar College under Cooch Behar Panchanan Barma University, Sarojini Naidu College for Women's affiliated under West Bengal State University.

Avlon Shiksha Niketan has skilled faculties who not only impart theoretical knowledge but also augment to undergo industrial visits and internships so that the students get a clear view of the industry minutely. This will be beneficial to each one of them because the respect for time management, working under pressure, handling customers, operational behaviours will be getting a transparency once they will be recruited by the top companies on the completion of their graduation.

WHAT AVLON STAND FOR AND STAND BY

We are one of the leading Government Approved Aviation, Hospitality and Tourism Institute in North-East India. It has started its journey with the best of the Industry experienced people coming together to make it a world-class institute in helping youth to discover their potential and to bridge the gap between the worlds of academia and industry.

Our renowned faculty members have trained, groomed and mentored several students as part of their mission. Students trained by our team of passionate mentors have excelled in their life as successful managers, entrepreneurs, teachers, and service sector professionals in hospitality, aviation, and travel and tourism sectors.

Our students have transformed their dreams at companies like Palm Greens, Sarovar, Oberoi hotels and resorts, The Leela, Westin hotels and resorts, Vistara, AirAsia, AirArabice, Indigo, Spicejet, Air India, and many other well-known companies.

Being viable fields with a vast scope and extensive opportunities for career growth, Tourism, Aviation, and Hospitality are deemed to see a boom in the coming years. As such, the growing need for trained professionals in the aviation, tourism and allied industries has necessitated the demand for quality education in these sectors. Avlon Shiksha Niketan has been the one and only player taking the lead institutional role in the field of Tourism, Aviation, and Hospitality management education. We are one of the Best BBA aviation institutes in West Bengal, offering top-notch management education to ensure the professional development of students in these three core service industries.

Having worked as a business partner/franchise of Aptech Aviation Hospitality Academy for the past 11 years, we, at Avlon, have successfully established our reputation as one of the best aviation institutes in Kolkata. Located in two major cities of West Bengal - Kolkata and Siliguri, Avlon has managed to deliver comprehensive and holistic education to keep pace with the evolving industry trends.

As a leading Tourism management institute in Kolkata, we, at Avlon Shiksha Niketan, offer 3 Years Degree Course under The University of North Bengal (NBU) and Coochbehar Panchanan Barma University (PBU), and West Bengal State University (WBSU). The program is offered in 5 colleges, namely Siliguri College, Alipurduar Mahila Mahavidyalaya, P.D Women's College, Cooch Behar College, and Sarojini Naidu College.

With a decade-long experience of being one of the best aviation institute in West Bengal, Avlon Shiksha Niketan has grown into a full-fledged platform offering unparalleled learning opportunities to the ambitious youth of the nation. We provide industry-centric, job-oriented training that encompasses both practical and theoretical aspects to enable the students to meet the needs and demands of the industry. We, at Avlon, are here to groom and prepare the brightest talents for the industry and hone their skills exponentially to enable them to grasp the best of career opportunities in the country and abroad.

LEARNING BY DOING

@AVLON SHIKSHA NIKETAN

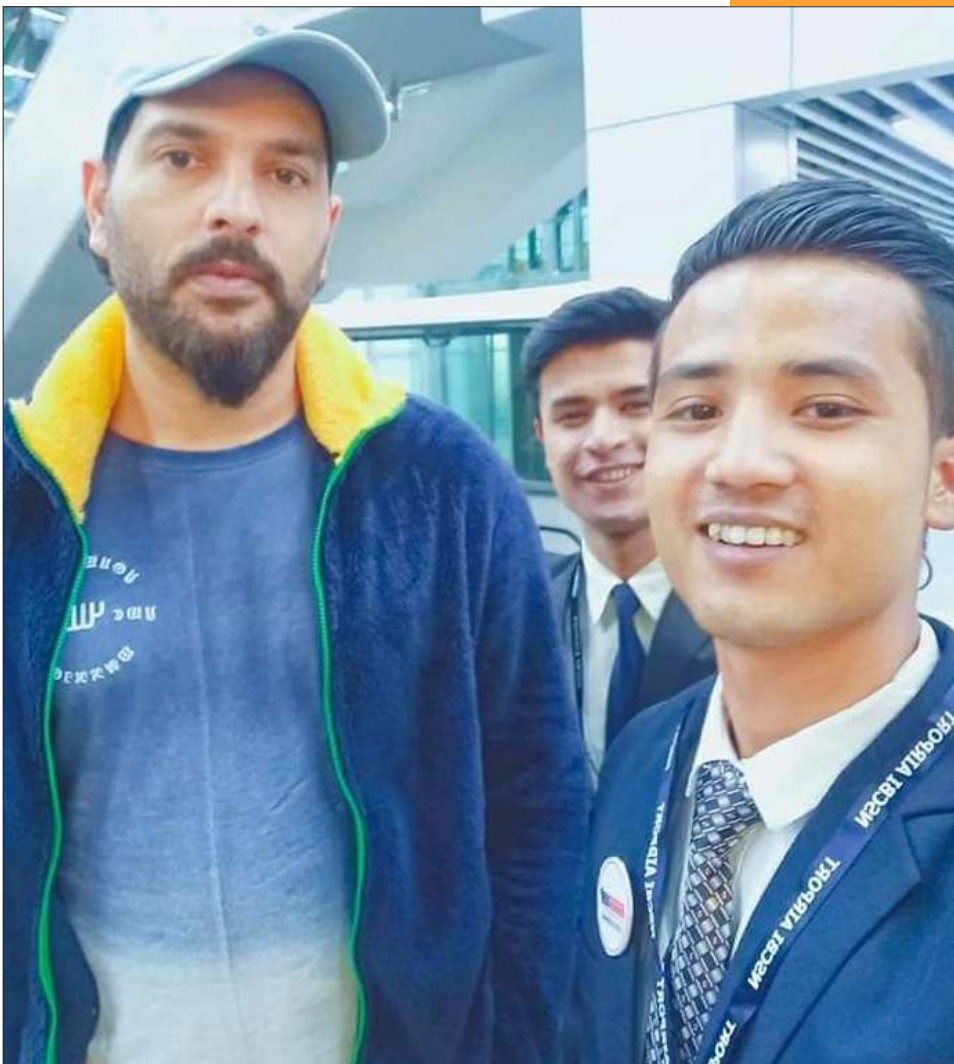

In modern times, the definition of a good management college largely depends on its ability to offer practical exposure. Therefore, **top management colleges in India** focus entirely to create industry-ready employable candidates by providing practical platforms like **internships, industry visits** & corporate conclaves. Thus, in these times of cut-throat competition where everyone strives hard for a successful career, practical exposure turns out to be of prime importance.

Benefits of Practical Exposure to management Students

- ♦ **Builds Confidence:** More often than not, students with no work experience aspire to pursue a professional degree to fulfill their management career aspirations. With practical exposure like internships & industry visits, they get just that chance to experience how corporate works in real life which in turn builds their confidence in no small measure.
- ♦ **Networking:** Working as an intern opens up the door for aspiring management students to meet & know new people. These new acquaintances, if handled well, can turn out to be their potential mentors, professional references, or prospective employers.
- ♦ **Build Skills, Enhances Knowledge:** Handling a practical project involves the students performing many tasks & responsibilities. It may require them to learn new skills & acquire additional knowledge. In the process, they end up mastering new skills & polishing the existing ones.
- ♦ **Strengthen the Foundation:** It is a well-known fact that we learn more by doing & experiencing. This is because our brain is more likely to retain the information gained by doing things in real life. Hence, when students apply the concepts learned in their classroom to the real world, it penetrates deeper & of course, they would never be able to wipe it off, ever.

We at Avlon Shiksha Niketan provide multiple opportunities for our students to learn from the industry throughout the curriculum. One such opportunity was the aviation Internship Under the Airports Authority of India at Netaji Subhash Chandra Bose International Airport, Kolkata, 2020.
