

**Department of Economics**  
**Sarojini Naidu College for Women**  
**Name of the Academic Program: B.A. Honours in Philosophy**

**Program Specific Outcomes**

**PSO1- Academic**

- The study of various Indian Philosophical Schools (both *āstika* and *nāstika*) helps the students to explain philosophical texts and positions accurately. Students can become aware of the interrelation between the various schools as well as the differences between their points of argument.
- The study of Western Philosophy facilitates the knowledge of Greek Philosophy and Medieval Philosophy. It enables a vivid idea of Rationalism and Idealism which helps to generate the idea of Criticism following Kant.
- Students will acquire the reading skills necessary for understanding and critical engagement with historical and contemporary philosophical texts.
- The study of Psychology would generate the capability to analyze psychological issues with proper scientific reasoning.
- The study of the Philosophy of Language will help the students to identify the philosophical problems due to language.
- The study of Ethics and Social Philosophy helps to learn about morality in Indian Philosophy as well as in Western Philosophy.
- The study of practical ethics helps students to articulate their own values in practical life.
- Various Discipline-Specific Courses (DSC) help students to develop their critical thinking, and ability to argumentative reasoning to explore the work of western philosophers like Russel and Hume.

**PSO2- Research**

- Students will develop their own philosophical areas of interest and will be able to investigate them from various perspectives.
- Students will attain the research skills necessary for writing a research paper that engages with primary and, where applicable, the secondary literature on a particular area in philosophy.

**Department of Economics**  
**Sarojini Naidu College for Women**  
**Name of the Academic Program: B.A. Honours in Philosophy**

- Students will be able to apply the formal techniques of logic in a proper manner which is important to philosophical research.
- Students will be able to exercise analytical reasoning in their research work.

**PSO3- Social**

- Students will be able to apply their philosophical learning to important public issues and articulate why philosophical understanding is valuable in such debates.
- The study of Modern Indian thinkers would generate a sense of national integrity and enhance students' commitment to the nation.
- The study of Media Ethics enables awareness of social responsibility while they would join any media house.
- The study of Business Ethics would help them to realize how the moral principle of entrepreneurship leads to profit in a long-term business.
- The study of ethics will impart morality among students which will be beneficial for society at large.
- The study of social and political philosophy would help the students to be the socio-politically conscious and aware citizen of a country.
