Date :

Title: An International Webinar on Understanding the Evolution of Covid-19 origin ecology and zoonosis

Introduction: On the occasion of World Zoonoses Day, The Department of Zoology and IQAC of Sarojini Naidu College for Women organized a webinar on “Understanding the Evolution of Covid-19”.

Objective : To create awareness among common people and students

Content : On the Occasion two speakers Dr. Anirban Mitra and Dr. Souvik Bhattacharyya spoke related to the causes effects and evolution of the Virus

Outcome of the Webinar: We would like to share the concept “One World One Health” which has gained popularity in recent times. The pandemic has triggered the realization that human, animal and environmental health is intertwined. So, to look at health more holistically, by taking into account the human, animal and environmental wellbeing we have to adopt the existing system of health governance at international, national and state level.
